

CONFIRMATION

Notification: 0000054059_01_04
on changes according to EN 15267 regarding certificate 0000054059_01 dated 05 November 2019

AMS designation: D-EMS 2020 / D-EMS 2020 CS emission data evaluation system (DAHS)

Manufacturer: DURAG data systems GmbH
Kollastr. 105
22453 Hamburg
Germany

German Federal Environmental Agency (UBA)

**Announcement regarding the uniform practice in
monitoring emissions and ambient air
dated 21 February 2023
Publication: BAnz AT 20.03.2023 B6**

**IV. Notifications as regards the uniform practice in monitoring
emissions and ambient air:**

**54 Notification as regards Federal Environment Agency (UBA) notices
of 28 June 2019 (BAnz AT 22.07.2019 B8, chapter IV number 1.1) and
of 9 March 2022 (BAnz AT 11.04.2022 B10, chapter VI notification 44)**

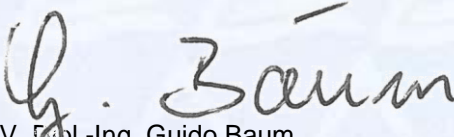

The current software version for the emission data evaluation system D-EMS 2020
(ID = 0000054059) from the company DURAG data systems GmbH is:
1.5/18557

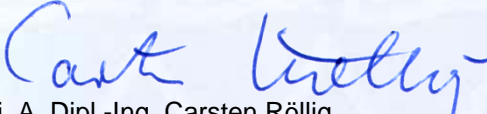

The emission data evaluation system has been extended by the transmission of
emission data via the digital interface with OPC according to VDI 4201 part 1 and part 4.
The results are documented in test report 936/21255107/A dated September 14, 2022.
Furthermore, the software has been supplemented by the evaluation of co-incineration
plants according to the new 17th BImSchV (2021).

In the EFÜ data transmission (remote emission monitoring system), the transmission of
a dynamic limit value has been corrected. As a result, only the software from version
1.5/18363 onwards may be used for plants that use dynamic limit values and
transmission via EFÜ (remote emission monitoring system).
